

a gift of god

Author: reesha masood

Everything I observe
Everything I feel
Everything that has got a special
meaning on earth is
A gift of God.

Everything that touches so closely
in the deepest bottoms of the heart,
Everything that gives a sense of
exhilaration in every moment of ours,
is a gift of God.

The gift by which we are bestowed with,
Is a duty which we have to return
to the Almighty God.
He wants responsibility, respect, and
truthfulness in return.

He who gives God every moment,
every thought, every feeling
is giving his gift to God.
